

SiRF 2010 Proceedings Author's Guide
Final Manuscript Preparation Instructions

Welcome to the IEEE 2010 Topical Meeting on Silicon Monolithic Integrated Circuits in RF Systems (SiRF 2010)
and thank you for choosing this venue to publish your work.

Each paper in the Proceedings of SiRF 2010 will be published from a file uploaded by the author using the link to the SiRF submission site. You can start uploading your manuscripts, in PDF format only, starting 5 October 2009. The final submissions must be compatible with IEEEExplore. This is assured by running them through PDFeXpress, as explained below.

The hard deadline for Final Manuscript submission is: 19 October 2009.

Manuscript Preparation

- The **total length of your final manuscript must not exceed four pages**; longer papers will be truncated or excluded from the Proceedings. The **maximum final .pdf file size is 1.0 Mb**; larger files will be arbitrarily reduced.
- The Conference Proceedings CD and electronic copy on *IEEE Xplore* will be in color, but many readers print and use the papers in black and white (b&w) only. So, please check your final manuscript for legibility in both b&w and color representations.
- Do not include page numbers; these (as well as the IEEE footers) will be inserted by the editors.
- *Please note that no additional content editing will be performed by the SiRF editors.*

Manuscript Format (see [Sample Manuscript](#)):

- Use U.S. Letter (8.5"x11") format and please stay within the following margins:
top: 0.75", bottom: 1.125", sides: 0.75" (note: available space slightly increased from IEEE template).
- Use two columns per page for your text (with 0.25" gutter between columns).
- Capitalize only initial letters in title and author information.
- Center title across the page in boldface type; skip one line between title and authors.
- Center all author name(s) below title; if required, reference affiliations with superscripts 1,2, ..
- Center all affiliation name(s) below all author name(s).
- Include phone, fax, and email for the corresponding author.
- Skip one line before Abstract and start your Abstract in the first column, use boldface type.
- Index terms should be listed next; keywords can be found at the IEEE [keyword list](#).
- *Use single space for the body text with Times New Roman or similar serif font, and a font size of at least 10 point.*

Manuscript File Preparation:

Please note that **IEEE certification of Xplore compatibility by PDFeXpress** is required: to either convert your existing file to .pdf format or check your existing .pdf file, [log on](#) with Conference ID: "sif10x" and incorporate all requested corrections before uploading your .pdf file to the SiRF [manuscript submission site](#).

- Prepare your manuscript in any file format acceptable to *PDFeXpress*.
- Embed all figures and captions within the text.
- Ensure legibility; simplify all figures and tables and maintain uniformity of style throughout.
- Use [PDFeXpress](#) with Conference ID: "sif10x" to create your final .pdf file and check both color and black & white representations.
- Maximum final manuscript length is 4 pages with .pdf file size less than 1.0 Megabytes.

On the SiRF [manuscript submission site](#), please begin a "Begin a new Final Manuscript Submission"; using the original registration key issued during your original summary submission. In addition, your [Symposium Registration](#) ("Badge") number will be required and a separate IEEE Copyright Form has to be submitted electronically for each final manuscript.

Again, submission deadline is 19 October 2009 - no extensions possible - please don't even ask ...

Publication Release

Receipt of your manuscript by SiRF 2010, together with the electronically completed IEEE Copyright Form, constitutes irrevocable release for open publication. Make sure you complete the electronic submission of the Copyright Form following your Manuscript submission. Do not send your manuscript if it is not fully cleared (see and check release statement on the Submission Site).

Registration and Attendance

Submission of your manuscript includes a commitment by the corresponding author to ensure that at least one author [registers](#) for the conference and presents the paper (registration number required by the submission site). No more than three (3) papers can be presented per each full registration.

If you have any questions, please contact either the General Chair: Prof. Erich Kasper (kasper@iht.uni-stuttgart.de) or the Technical Program Chair: Prof. Hermann Schumacher (hermann.schumacher@uni-ulm.de) **well in advance of the 19 October 2009 deadline.**
